

Clear View Magnifier 51250

This freestanding magnifying glass will make reading, writing, and other activities much easier for your clients. Made from safe, break-resistant optical acrylic. Adjustable to any angle, whilst still leaving both hands free to do activities.

Contents

- 1 Magnifier

Safety

Always supervise the use of this product.

When not in use, store in a safe place, out of reach.

Do not leave the magnifier in direct sunlight. Lenses left in direct sunlight can be potential fire hazards.

Care and Maintenance

The lens is made of an optical grade of acrylic material. To retain the high polish of the lens' surfaces, only a clean, soft cloth (not a chamois) should be used. If the lens should become heavily soiled, it should be first wiped with a cloth moistened with warm soapy water, and then dried with a clean cloth.

Specification

1.7 magnification.

Size: 14 x 10cm
